

Thank you so much for being a part of this Launch Team!!!

Things to do at a glance...

The main job of a launch team is to get the word out about the book. We can do that in many ways. Below are some things that will help us make that happen. There are priority and helpful activities.

The Launch Team Facebook Group will ask you to do some activity daily. You are busy and that might not be possible, that is understandable. If you can't do the activity of the day please be sure to complete and comment that you have done the priority activities during the month.

Each activity you complete will have a big impact. You are amazing! Thanks

Priority Activities
